**Section Seven: Now, I would like to know your opinion on some issues regarding the Arab world**

| 701 | Which of the following three broad descriptions of the ties which bind the citizens of the Arab world together is closest to your opinion ... |   |  |  |  |  |  |
|-----|-----------------------------------------------------------------------------------------------------------------------------------------------|---|--|--|--|--|--|
|     | Arabs constitute a single nation, separated by artificial borders                                                                             | 1 |  |  |  |  |  |
|     | Arabs constitute a single nation, even if each people has its own specificities                                                               | 2 |  |  |  |  |  |
|     | The Arab people are distinct nations, tied together by only tenuous links                                                                     | 3 |  |  |  |  |  |

| 704 | Which of the following statements on the Palestinian cause are you inclined towards the most?                                                 |   |  |  |  |  |  |
|     | The Palestinian cause is a cause for all Arabs and not the Palestinian people alone                                                           | 1 |  |  |  |  |  |

|     | I do not agree with either one of the above two statements                                                                                    | 3 |  |  |  |  |  |

| 930                           | This agreement requires Iran not to exceed certain levels of uranium enrichment proportionate to the purposes of civilian nuclear power production, and that Iran's nuclear facilities are brought under the observation of the nuclear agencies to ensure that Iran does not breach the agreement or develop nuclear weapons in exchange for lifting international sanctions against Iran and the return of its frozen assets.
