

ISSP Characteristics of National Population

Each ISSP member is asked to include to the documentation the following information about known characteristics of its national population, from census or the best available estimates from government surveys or other high-quality data-sources:

- sex distribution of the population
- age distribution of the population
- education (years of schooling) of the population
- employment rate of the population

INS Tunisia 2014 census

Sex Distribution of the Population

Indicateur	2014
Male	49.8 %
Female	50.2 %

Age Distribution of the Population

Indicateur	2012	2013	2014	2015	2016
00-04	896070	956823	974366.5	971160	1057906
